Maybe even better than free.

No account or credit card is required to get started. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. We haveno file size limit. So try our free and simple filehosting service now. filehosting provides an easy possibility for you to send large files to your friends. Ourservice is completely free for everyone. Alternatively you can choose to share your download links on blogs, forums and social networking sites. File is free touse with no gotchas and no hidden fees. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that data transferis covered by your internet service or the data plan on your phone. Any file in any format can be uploaded and downloaded for free. Just upload the file youwant to share with your friends and we send you a download link to your file. Files can be downloaded from any computer from our high speed servers. Youdecide who you want to share your files with. There are no restrictions on the number of times a file can be downloaded. You don't need any special softwareinstalled to be able to download your files. Keep your files private, or send your download links only to friends or family. Files transferred the old-fashionedway tend to pile up and be forgotten about, eventually costing you money in data storage fees. If only we could, we surely would! On the other hand, using filecan actually save you money. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred betweenyour computer or phone and our servers, then from our servers to your friends device. You can upload any type of file (movies, music, documents, images, zipfiles and more). It is also allowed to link to the download page from websites and communities. Unfortunately, we can't make that part free. Using file, you cancircumvent those limits without paying to upgrade your team chat service. Simply upload your file and share the link. You can give this download link to yourfriends by mail or instant messenger. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps havelimits to the size of files that can be transferred within their apps.
